

# North West REC needs **YOUR HELP**

Your electric cooperative works hard to provide safe, reliable, and convenient electric power for you and your family. We also provide programs to help you use energy efficiently.

To help us plan for the future and determine what programs will benefit you most, your cooperative needs your help.

This fall, we will be conducting a survey of our residential consumers. If you receive a survey, please help us by taking a few minutes to complete it. Your answers are very important, so please respond as best as possible and return it promptly. A postage paid envelope will be provided for your convenience. The survey will also be available to complete online.

North West REC is an equal opportunity employer, provider, and lender. 800-766-2099 • [nwrec@nwrec.coop](mailto:nwrec@nwrec.coop) • [www.nwrec.coop](http://www.nwrec.coop)
